

ATTENTION: SOLDIER CREEK RESIDENTS!!!

Say Goodbye to your Slice
of Paradise!!!!

Introducing a PUBLIC BOAT
RAMP and PIER.....to
State Street off CR97. This
new public access will
affect you and your
property.

If you are unaware of this
project and do not support
it, and do not want the
project to move forward,
please join the force to
stop it. You deserve to be
heard and your voice
matters. Don't DELAY, it is
beginning to develop
NOW!

We urge you to oppose this!

- 1 More outside boat traffic in the creek (*more gas, more oil*) environmental damage!
- 2 More boat accidents! (*already tubing four wide on weekends*)
- 3 More trash in the boat ramp area and creek! (*no sanitation department to clean up*)
- 4 More crime on boat docks! (we saw an increase already last year) **NO** Police Force!
- 5 More early morning/late evening traffic on our old roads from trucks and trailers!
- 6 More noise, noise, noise - That's why most communities are eliminating neighborhood boat launches!
- 7 Possible no wake zone???. (*would be needed if it passes*)
- 8 Two lots valued over \$500,000 taken off the tax roll **forever!!** (*no revenue*)
- 9 Overflow parking???. (*ask Pirates Cove – your front yard*)
- 10 Irreversible harm to environmentally sensitive lots as outlined by master plan 2030!
